

Project Benefits and Cost – Norfolk Segment 1A

- ✓ **The HREL network will help provide a safe and more reliable travel option for motorists across the region**
- ✓ **Help relieve congestion at key locations along Interstate 64**
- ✓ **Express Lanes can help improve travel time and reliability by providing single occupancy vehicles an option during peak travel times when congestion is highest**
- ✓ **General purpose lanes will remain free to all users**
- ✓ **Car-pooling is encouraged by making the Express Lanes free for high-occupancy vehicles**
- ✓ **The HREL network provides a seamless connectivity between the existing Express Lanes segments of I-64 in the Hampton Roads region**

Estimated Design-Build Project Cost (Segment 1A): \$197.6 million
